

## Disclosure Information

---

It is the policy of Letters & Sciences and the University of North Texas Health Science Center (UNTHSC) at Fort Worth Office of PACE to ensure balance, independence, objectivity, and scientific rigor in all sponsored educational activities. All faculty participating in sponsored programs are expected to disclose to the program audience any real or perceived conflicts of interest related to the content of their presentations or to their financial and professional relationships. Letters & Sciences and the UNTHSC Office of PACE are committed to stringent enforcement of full disclosure in the planning and execution of all sponsored activities and resolution of any perceived conflicts. Pursuant to regulatory guidelines, Letters & Sciences and the UNTHSC Office of PACE comply with those protocols established by professional, scientific, and governmental oversight, and expects the faculty to adhere to the same, in order to help ensure the integrity of both scientific content and professional conduct.

It is not assumed that these financial interests or affiliations will have an adverse impact on the faculty presentations. They simply are noted here to fully inform course participants. Further, two independent external reviewers have reviewed the presentations and have determined that no commercial bias exists.
